

Financial Policy

We are committed to providing our patients with the best possible medical care and also minimizing administrative costs. This financial policy has been established with these objectives in mind and to avoid any misunderstanding or disagreement concerning payment for professional services.

- Our practice participates with numerous insurance companies. For patients who are beneficiaries of one of these insurance companies, our billing office will submit a claim for services rendered. All necessary insurance information, including special forms, must be completed by the patient prior to leaving the office.
- If a patient has insurance in which we do not participate, our office is happy to file the claim upon request; however, payment in full is expected at the time of service.
- It is the patient's responsibility to pay any deductible, copayment, or any portion of the charges as specified by the plan at the time of visit. Payments for medical services not covered by an individual's insurance plan are the patient's responsibility, and payment in full is due at the time of visit.
- Payment for professional services can be made with cash, check, or credit card.
- Patients who do not have insurance are expected to pay for professional services at the time of service.
- It is the patient's responsibility to ensure that any required referrals for treatment are provided to the practice prior to the visit. Visits may be rescheduled, or the patient may be financially responsible due to lack of the referral.
- It is the patient's responsibility to provide us with current insurance information and to bring his/her insurance card to each visit. If claims are rejected by insurance company due to untimely filing limits, and the delay is a result of the patient not providing insurance information timely, the patient will be responsible for all charges.
- Our staff is happy to help with insurance questions relating to how a claim was filed, or regarding any additional information the payer might need to process the claim. Specific coverage issues, however, can only be addressed by the insurance company member services department. The telephone number is printed on the insurance card.
- The adult accompanying a minor and the parents (or guardians of the minor) are responsible for payment at the time of service. For unaccompanied minors, non-emergent treatment will be denied unless charges have been pre-authorized or payment by credit card, cash, or check at the time of service has been verified. Statements indicating any patient responsible balance will be mailed monthly. Payment in full is due within 30 days.
- Patient balances over 30 days will be subject to a late payment charge equal to 1.25% (15% annual percentage rate) of the balance as of the end of each month.
- Patients will be asked to pay all patient responsible balances in full when they are seen in the office at their next visit.
- Patients with outstanding balances may not be seen by the physician absent medical necessity and are subject to discharge from the practice.
- In the unanticipated event you are unable to pay your bill when due, please contact us as informal arrangements may be worked out.
- Any prepayments resulting in a credit balance to an account will first be applied to any outstanding debt prior to being refunded.

Our practice firmly believes that a good physician-patient relationship is based upon understanding and good communications. Questions about financial arrangements should be directed to the Business Services department at 419-479-5398. We are happy to help you.
